STORM HALTS TELEGRAPH NEWS

One Wire to Chicago is State's Sole Communication With the East

UNPRECEDENTED STORM IN ROCKIES TIES UP WIRES

Snow Lies Five Feet Level in Streets of Denver—Situation Bad in Mountain Section

SAN FRANCISCO, Dec. 6.—Except one wire to Chicago, communication between California and the East is again tied up. It is impossible to learn much regarding the storm situation, but enough is known, however, to indicate that the situation in the Rockies is unprecedented. A wire from Denver, holding up for two minutes this morning, brought word that the storm there ceased during the night but that the snow was five feet deep on a level and 12 feet deep in many of the streets. The wire then collapsed.

Less is known of the situation in Cheyenne and other cities; varying reports from round-about ways indicating that the storm throughout the mountain country was the greatest in recent history. Linemen are working desperately to open the wires.

COUNTRY CLUB HAS ELECTED DIRECTORATE

Will Be But Short Time Now Until Work is Begun on Grounds

Members of the Santiago Golf Club and those who are interested in the organization of a country club at Port Orange held a meeting at Elks Hall Thursday night, and organized the new club, which will be known as the Orange County Country Club. Directors elected are: A. C. Twist, E. V. Pomeroy, Robert Simons, H. T. Rutherford, E. B. Browning, G. B. Shattuck and A. J. Klunk. Twist was elected president, Pomeroy vice-president, Shattuck secretary and Harry Hanson treasurer. James Irvine was present, and talked over the plans of the club. He has offered a site for the club house and grounds at Port Orange. This offer has been accepted, and arrangements for building will be pushed by the new directors. A golf course, tennis courts, croquet grounds, bowling alleys and a cafe are some of the features to be established. The club has 157 members, and expects to reach 200.

SURPRISES MANY IN SANTA ANA
—The QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, the remedy which became famous by curing appendicitis, is surprising Santa Ana people. Many have found that this simple remedy drains so much foul matter from the system that a SINGLE DOSE relieves constipation, sour stomach and gas on the stomach almost IMMEDIATELY. Adler-ika is the most thorough bowel cleanser ever sold. The Rowley Drug Company. —Advertisement.

ODD FELLOWS TO VISIT SANTA ANA BROTHERS

Odd Fellows, 125 in number, will board a special Santa Fe train at Riverside this evening at 6:15 o'clock for a descent upon Santa Ana. The special on its way will stop at Highgrove, Pachappa, Casa Blanca, Arlington and Corona. The return will be made at 11 p. m. or at the convenience of the Odd Fellows who come to visit their brother members of Santa Ana.

SOME SMUDGING WAS DONE IN ORCHARDS

A few lemon growers lighted their smudge pots this morning to ward off damage that might have come from the frost. Robert Reid's thermometer on East First street showed 28 degrees, and he did not find it necessary to smudge in his Valencia.

BRITISH ATTACHE OFF TO MEXICO ON A MISSION

VERA CRUZ, Dec. 6.—Lieutenant Colgate, military attache of the British embassy at Washington, left today for Mexico City. He refused to discuss his mission although he admitted he had an important reason for his trip.

FAIL TO FIND LOPEZ'S DEAD BODY IN MINE

BINGHAM, Utah, Dec. 6.—After searching a third of the Utah-Apex mine, the posse which penetrated the stronghold of Ralph Lopez, slayer of six men, came last night and announced to the thousands of expectant miners that they had found nothing to indicate the crafty desperado was dead.

EXPRESS DIVIDENDS CUT

NEW YORK, Dec. 6.—Rivalry between the parcel post and express companies was reflected yesterday in the reduction of the quarterly dividend of the American Express Company to 2 per cent. Previously the quarterly dividend has been at the rate of 3 per cent.

1000 TEAMSTERS AT WORK--MANY YET OUT

Only Those Whose Employers Had Signed Union Agreements Returned to Work

LONG STRUGGLE LOOKED FOR, SAYS PRES. TOBIN

Tobin Advised Teamsters Under Contract to Resume Work—No Severe Rioting

INDIANAPOLIS, Dec. 6.—Their employers having signed union agreements, a thousand striking teamsters returned to work today. The others remained out, President Tobin of the Teamsters' Union said that he expects a long struggle. Agent Denmore of the federal labor department today continued his efforts at conciliation. No severe rioting occurred this morning. Tobin Talked Sense
The course of allowing those whose employers had signed union agreements was decided on late yesterday at a mass meeting of the Teamsters' Union, which was addressed by Daniel J. Tobin, international president of the teamsters' organization. Tobin urged this course of action, saying: "If we expect fair treatment we must be fair, and I urge you to permit the teamsters, employed by team owners who have signed union contracts, to return to work. It is better for us to have 700 teamsters wearing union buttons at work than to have twice that number idle in the streets."

75 KNOWN DEAD AS RESULT OF FLOOD

Brazos 10 Miles Wide for 100 Miles—Thousands of People Destitute

BRYAN, Texas, Dec. 6.—Seventy-five deaths by drowning in the floods have been established, and many others are believed to have been lost. The latest victims reported here are ten at Hearne. Half of the total dead are negroes. Motor boats are searching the tree tops for the dead. The Brazos river is ten miles wide for a distance of one hundred miles, and is rushing to the Gulf with irresistible force. Wherever possible food and clothing are being shipped to the refugees, but few railroads are operating. Thousands of people have lost everything and it must be some time before they become self-supporting again. Throughout the state search is being made for survivors. Many claim the death toll will reach many hundreds, but this seems exaggerated. Fears exist of an epidemic as the result of unsanitary conditions.

FRIENDS OF MRS. PANKHURST IN ARMS

Demand Her Release After Her Collapse—Fires Again Show Suffragettes' Tactics

LONDON, Dec. 6.—Mrs. Pankhurst, who collapsed in jail yesterday after a hunger strike following her arrival from America, is much weaker today. Her friends are demanding her release, which is expected. Suffragettes today fired the scenic railway in the Liverpool exposition grounds, and burned the Runsholme exhibition at Manchester, with a \$60,000 loss to the latter. A woman left a letter at Premier Asquith's home stating that Mrs. Pankhurst's arrest prompted the fires.

CARDINAL OREGLIA DEAD

ROME, Dec. 6.—Cardinal Oreglia, dean of the Sacred College, died today of pneumonia. His death leaves Cardinal Gibbons of Baltimore as dean of the college.

PROGRESSIVES, ALL PARTIES CONFER

Plan to Organize a Popular Government League—Meeting Today

BRYAN PRESIDES AND U. S. SENATORS SPEAK

Conference Firm for Amendment—To Make it More Easy to Amend Constitution

WASHINGTON, Dec. 6.—The Progressive members of all parties met today to organize a National Popular Government League. Secretary of State W. J. Bryan presided. He said the conference stood firm for an amendment making it easier to amend the federal constitution. He declared that jokers are emasculating public reform measures. Other speakers were Senators Owen of Oklahoma, Clapp of Minnesota, Poindexter of Washington and Lane of Oregon.

In the course of his address Bryan declared for a more flexible constitutional amendment system and more human justice.

Once Miss Helen Todd, the San Francisco suffragist, interrupted him, saying: "How about justice for women? You have talked about justice, but have made no mention of women at all."

Bryan, unabashed, advanced until he faced the questioner. "Madam," he replied, "in all you have done I have no doubt you have followed your own judgment and conscience, as I have done myself."

Miss Todd thereafter remained silent, although other suffragists renewed their questioning until another speaker took the rostrum.

Senator Owen attacked the Senate's dilatory methods, saying these proved the necessity of a more popular government. Popular Government League
WASHINGTON, Dec. 6.—Organization of National Popular Government League, backed strongly by the American Federation of Labor, was the subject of discussion at a meeting of prominent politicians and social workers here today. Initiative, referendum and recall will be advocated by this new order, with a general reform of government to give the people a stronger voice in affairs.

POMONA HAD BIG WALNUT SEASON

Walnut Association Realized \$100,000 for Crop—Prices Were at High Notch

POMONA, Dec. 6.—One hundred thousand dollars is a conservative estimate of the money the growers in the walnut association will receive for this season's walnut crop. Checks were mailed from the packing house today, bringing the total paid to \$90,000, and Manager H. A. Thatcher states that there will be fully \$100,000 more before the books are closed. The members of the association are pleased with the returns received. Never in the history of the business have prices been as high as this year. The prices have been 20 cents for the budded nuts, 16 cents for the best grade of soft-shelled nuts and 11½ cents for the second grade.

NOT BEYOND HELP AT 87
—Sleep-disturbing bladder weakness, stiffness in joints, weak, inactive kidney action and rheumatic pains, are all evidence of kidney trouble. Mrs. Mary A. Dean, 47 E. Walnut St., Taunton, Mass., writes: "I have passed by 87th birthday, and thought I was beyond the reach of medicine, but Foley Kidney Pills have proved most beneficial in my case of kidney and bladder trouble." Elderly people will find Foley Kidney Pills both tonic and strengthening, and may be sure they contain no harmful drugs. Wingood's Drug Store.

GOV. JOHNSON SOUNDS PROGRESSIVE ENTITY

Amalgamation With Republicans For ever Impossible—Predicts Success and Perpetuity for Party

SAN FRANCISCO, Dec. 6.—Declaring that the amalgamation of the Progressive and Republican parties is forever impossible, Governor Hiram Johnson today addressed the delegates assembled here for formal launching of the Progressive party in this state. Governor Johnson further declared that those Progressives heeding the amalgamation call are self-seeking. He declared that he prefers defeat standing on Progressive principles to victory in the Republican party with Barnes and Penrose leading. The speaker said that Progressives were the same throughout all the country, the Progressive party representing homogeneity while all other parties represented heterogeneity. Governor Johnson predicted the perpetuity and eventual success of the Progressive party. "The slogan of reorganization has been sung all over the nation," the governor said. "It is natural that it has attracted the timid and self-seeking. The cry is to reorganize, and amalgamate—for what? The only answer is to win. We prefer defeat with Progressive principles than victory without them. Today the Progressive party is the same throughout the union. It stands for exactly the same principles in California as in Maine. But who shall say that the democracy of Bryan is the democracy of Murphy, or that the Democratic party of the West is that of the East? The Progressives of every state are trying to enact laws like in character, while other parties present diametrically opposed governmental policies. So from the logic of the situation it would seem that the men and women who place accomplishment above partisanship and who not actuated by hunger for political pelf, will align themselves everywhere with the Progressive party."

FIND THE ROAD TWO CONFESSED IMPROVEMENT TO ROBBERY OF BANK

Commission and Supervisors Inspect Orangethorpe Avenue Shot Bowles

This morning Highway Commissioners M. M. Crookshank, D. C. Pixley and Richard Egan and Engineer Haladay and Supervisors Jasper Leek and F. W. Struck rode over the recently completed good roads job on Orangethorpe avenue, and inspected it thoroughly. As a result of the inspection the road will be formally accepted at the meeting of the supervisors next Tuesday. At least, the two supervisors who saw the road today are satisfied with it, and the highway commission will recommend its acceptance. The commissioners and supervisors also inspected that part of the Tustin-Orange road, which is almost completed.

SCHOONER ON REEF NEAR ABERDEEN, WASHINGTON

ABERDEEN, Washington, Dec. 6.—The identity of a four-masted schooner lying in low water four miles off Destruction Island had not been determined this morning when the tug "Daring" was dispatched to the scene. The vessel went on the reef some time Friday and there are no signs of life aboard.

Schooner Identified

SEATTLE, Dec. 6.—The schooner ashore at Destruction Island has been identified as the Aloha from the Fiji Islands. All aboard were saved.

DRAGNET CITY FOR EL MONTE ROBBER

Sheriff and Police Chief Will Concentrate Detectives in Thorough Search

LOS ANGELES, Dec. 6.—Sheriff Hammel and Chief of Police Sebastian conferred today regarding instituting the dragnetting of the city for the El Monte Southern Pacific train robber and murderer. Present plans are to concentrate the entire detective force of city and county here, corral all undesirable and try to catch the murderer through the elimination process. They admit other chances of capture are practically nil.

DENVER NOW BLANKETED BY SNOW

Storm Has Ceased But City is Paralyzed—46 in Snow—Drifts, 10 to 15 Feet

BUSINESS SUSPENDED; SCHOOLS, THEATERS SHUT

Fuel Situation Serious—Hospitals Are Helpless—Funerals Halted—Car Lines Useless

DENVER, Dec. 6.—Denver is struggling to throw off the heaviest blanket of snow experienced in its history. The snow storm has ceased but the city is paralyzed from its effects. Since Monday forty-six inches of snow on the level has fallen. In many places the snow lies in drifts from twelve to fifteen feet deep. Business is practically suspended. Many stores and offices are closed, as business men, employees and customers are unable to penetrate the business section. All hotels are jammed as residents of the city are unable to get to their homes in the residence districts. Theaters are closed and schools have been suspended. The school buildings have been thrown open for sleeping places. There are no deliveries of fuel or food. The fuel situation is most serious as a result of the snow and the coal miners' strike. The temperature is rapidly falling and freezing weather is forecasted.

During this morning, by frantic exertions, shoveling crews opened a mile of the street car track, and the first car in thirty-six hours was moved. The street car company officials said it would be impossible to get the remainder of the system in operation this week. There were several fire alarms today. The fire department was unable to use any apparatus, and the men were compelled to make the runs on foot, floundering through drifts, with axes, water buckets and ladders. Only one railroad is operating trains, and there have been only two trains on this line since Wednesday. Twenty passenger trains and many freight cars are stalled in the vicinity of Denver. There are no mails.

No known fatalities have occurred here. Fourteen people are unaccounted for, but it is believed they are safe somewhere downtown but unable to reach their homes. The hospitals are making frenzied appeals for fuel and provisions. They are unable to use the ambulances to carry the sick to the hospitals. Undertakers say there can be no funerals before Wednesday. Several small buildings collapsed today under the weight of snow on the roofs. There is little damage from this cause, however.

Snow Confined to Two States
Reports to the government bureau last night showed that it still was snowing in southeastern Colorado, raining in eastern Colorado, Iowa, Nebraska and Missouri, and that, with the exception of light falls in Wyoming, the storm practically was confined to Colorado and northern New Mexico.

SIX-DAY BICYCLE RACE IN NEW YORK

Crack Racers Will Join in Big Madison Square Contest at Midnight

NEW YORK, Dec. 6.—A dozen or more teams will start tonight in the annual gruelling six-day bicycle grind in the big bowl constructed in massive Madison Square Garden. Speedy Bobby Walthour, who has just returned from Europe, where he was defeated only three times, and his team-mate, today were touted as "good things." Among numerous foreign bike teams, Maurice Brocco, French-Italian, and Francesco Verri, Italian champion, will start tonight at midnight at the crack of the pistol. "The usual opening nighters crowded the garden two hours before the start, and as usual many were expected to stick it out until dawn. The scene was a replica of those presented at former six-day bike events, with the ubiquitous "hot-dog" vendors very much in the foreground.

CONCERNING HEAT

A great change has taken place during the past decade in the method of heating homes, etc. (the old time) antiquated fireplace has been replaced by the more comfortable coal and wood furnace, enabling the occupant to heat any or whole part of the house by means of pipes, etc. However, this method has proved troublesome and annoying, due to the endless task of carrying ashes and constant attention in order to secure the desired amount of heat. Now comes the latest invention, a new method of heating, a furnace that uses gas for fuel. This furnace requires but very little space; for instance, to heat a 5-room house, a space of 24x24 inches is adequate. In the construction of this furnace the inventor has mastered the almost insurmountable difficulty of sending fresh air with but heat added into the rooms, thereby ventilating as well as heating. The gas fumes are carried to the roof by means of a small vent pipe. This furnace extracts 96 per cent of the heat units from the gas, a mechanical feat heretofore considered impossible. This furnace is sanitary, and so simple a child can safely operate it. It does not send dust or any odor into the rooms, as there is none created. If you have no cellar, don't despair, as this furnace can be placed on your back porch or in the kitchen with

equally good results. It costs no more than a coal and wood furnace. For further information regarding this advertisement call at Santa Ana Heating and Metal Works, 110 E Fifth St. We can give you a practical demonstration. Open evenings, 6:30 to 8:30.

Laddie

a true blue story

By

GENE STRATTON-PORTER

Author of "Freckles," "The Harvester," "A Girl of the Limberlost," etc.

A TALE of Indiana—a picture straight from life, showing the home circle of the Stantons and telling the love story of Laddie, the big brother of the Stanton family, and Pamela Pryor, an English girl.

The people in it are real and genuine, differing but little in character and surroundings from the healthy, decent Americans the whole country has bred from the beginning. It is a song of thanksgiving for home which everyone will appreciate.

REPORT SALES AT EL MODENA

Several Pieces of Property
Have Changed Hands
Recently

EL MODENA, Dec. 6.—Quite a number of changes in real estate have occurred recently in this vicinity, among which are the following: To Harry Mayer, five lots, from C. J. Benson, between Vine and Center streets, and three lots on corner of Chapman and Alameda streets, from S. A. Clark. E. L. Gillman sold house and lot, corner Vine and Alameda streets. Mr. Taylor now occupies the Mayer property bought by Pitcher, then by Taylor. John E. House buys from A. Wright a lot on Vine street. Stone Brothers, seven lots, between Earham and Esplanade from W. E. Harper; Arambel Bros., three lots on North Alameda street, from Lester Beymer; J. King, house and lots, from L. Winslow.

Mr. Poole has opened a new meat market in Mr. Hamilton's store room.

Mr. Hamilton is erecting another business building just east of the bicycle shop.

Mr. Bowles from Kansas is visiting with his sister, Mrs. Elias Hadley. Bell peppers are being sent out from El Modena at a rapid rate.

The trustees are equipping the new school grounds with the best up-to-date playground apparatus. Swings for the small and large, teeter-boards by the dozen, double tennis court, basketball and baseball grounds, etc. The thought seems to be "Children get the habit" of doing something, and get it so powerfully that you will forget to stop when you go into the classroom, where all the teacher will need to do will be to point to the lesson and, lo! it will be done, forthwith, immediately. The teachers' task is that of judicious assignment of lessons, not as formerly to "Ram it in, jam it in, cram it in, children's heads are hollow." Surely the world "do" move, and you must look near the head of the procession if you expect to see El Modena.

Maxwell Appointed Curator of
Fine Arts Gallery
at Park

Everett C. Maxwell, a former resident of Santa Ana and Tustin, who moved to Los Angeles over seven years ago, has recently been appointed by the board of supervisors of Los Angeles county as curator of the Fine Arts Gallery, Museum of History, Science and Art in Exposition Park. This appointment places Maxwell at the head of all civic and educational art activities in the Southwest.

The new \$2,500 museum in Exposition Park is the largest and finest in the West and its art gallery is said to be second to none in the United States.

For the past five years Maxwell has been identified with various educational movements in Los Angeles and his endeavors to advance the standards of art and the drama have met with much success and praise.

For the past three years he has held staff positions on three of the leading western publications and is a regular contributor to a number of the foremost magazines in the East.

As a playwright and dramatic critic Mr. Maxwell is considered among the best in the West today.

REV. TUCKER GOING TO LECTURE TO THE BIBLE SCHOOL HERE

SHELL INTERESTS IN CALIFORNIA

From the Los Angeles Financial News.

"It is almost safe to assert that in a very few months, if present negotiations are successfully concluded, the 'Shell' will be as firmly established in the Californian fields as the Standard." This is the way the London Petroleum Review speaks of the "Shell" interests in California. Commenting on the way the foreign combination is extending itself in the state, the Review continues thus:

Scarcely a mail arrives at our offices without containing fresh evidence of the determination with which the Shell-Royal Dutch Combine is carrying out its policy to become one of the greatest factors in connection with the petroleum industry of California.

It is now several years since the combination first directed its attention to the opportunities which existed in the Californian state for the extension of its energies, and it is safe to say that California has ever appeared before the directors of the combine in the most favorable light.

Following upon a careful search for likely oil-producing territory in the various fields, the first public move was taken about three years ago, when the Asiatic Petroleum Company, the marketing branch of the combine, secured headquarters in San Francisco and purchased properties on the Coast and elsewhere for use as distributing stations.

For months the question of the advent of the "Shell" interests was the leading topic of conversation in California, and opinions were divided as to whether the combine would simply enter the fields as a refiner and distributor of petroleum products, or go wholeheartedly into the business of oil production, refining and distribution.

More recent events leave no doubt upon the mind as to the position which the "Shell" interests eventually will occupy in regard to California's petroleum industry; in fact, it is already assured that they will rank equally as important as the Standard Oil Company in that country, and possibly even be the premier company. That this prophecy is nearing accomplishment each passing week is obvious from the several reports which have recently appeared in our pages.

In the first place, we see the passing over to the powerful Combine of that most successful of Anglo-Californian concerns, the California Oilfields, Ltd.; then has followed the acquisition of the Turner and W. K. companies to the combination. By virtue of consolidation of interests, the Shell-Royal Dutch group immediately assumes control of a production of approximately 18,000 barrels per day of some of the highest grade oil in California. It is generally recognized that the daily production of the Standard Oil Company in the California fields is between 40,000 and 50,000 barrels per day, one of the Company's wells alone being responsible for over 10,000 barrels daily.

So far then the Shell production in the State is not to be compared at the moment with that of its old-established rival. It is evident, however, that the deals so far concluded are but a part of a carefully laid down policy to assume control of practically the major portion of California's home and overseas trade. There is, indeed, plenty of evidence to corroborate this assumption.

As we write, a report comes to hand that the Combine has purchased the properties of the Mays Consolidated Oil Company in the Midway district for a consideration of, roughly, £200,000, and from the 250 acres comprising the property there is at the present time a production of 50,000 barrels per month. Then there is the persistent rumor of the coming purchase of the properties of the General Petroleum Company, and through them the Union Oil Company's assets, by the Combine. That the Shell is already closely allied with the General Petroleum Company is clear from the fact that it has already concluded a contract under which it purchases from the General several million barrels of crude oil for fuel needs in the Orient, one cargo of which has already been shipped on one of the Shell tankers.

DEPOSITS BY GOVERNMENT

From the Los Angeles Financial News.

"Comparison of amounts of Government funds so far deposited in banks of the South and West with apportionment early in the season, offers interesting deductions as to respective requirements of different sections," say dispatches to the Eastern press. Continuing, these dispatches say: "At the end of August the Treasury made allotments aggregating \$46,500,000—\$24,700,000 to Western states and \$21,800,000 to Southern. To date, the Treasury has deposited \$34,311,000—\$13,832,000 among Western states and \$20,479,000 among Southern states. The latter have received \$1,321,000 short of their apportionment, while Western states still need \$10,868,000 for their full quota. This is in keeping with the Secretary's arrangements, when he said that Southern banks would be accommodated first, while Western and Pacific Coast banks would receive their allotments extending into November.

"Amounts deposited vary from first apportionment. Louisiana received \$3,275,000, against \$2,600,000 allotted; Tennessee got \$2,565,000, against \$1,950,000, and Maryland and North Carolina received \$100,000 more in each case. States that received less than original apportionment include Alabama, Florida, Texas and Virginia. Texas banks have received only \$900,000 out of \$2,500,000, and Virginia only \$850,000 out of \$1,450,000 allotted.

"Agricultural and commercial demands in some localities have fallen short of expectations, while other sections have felt the strain more. Also the requirements as to the deposit of commercial paper, etc., as collateral were rather complicated and tended to discourage some banks from seeking Treasury aid.

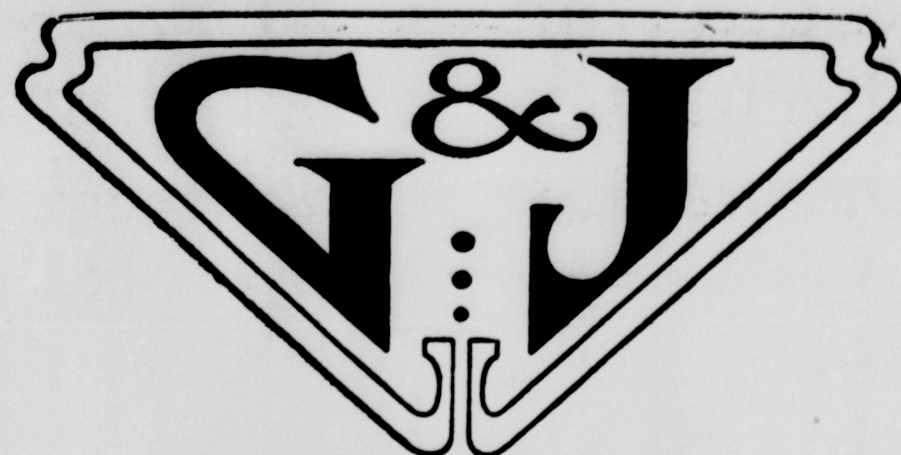

"Among Western states, while only a little more than half of aggregate apportionment has so far been

deposited, banks in some states have already received all or nearly their full quota. This is seen in Illinois with \$4,000,000 and Missouri with \$4,775,000. On the other hand, California has received only \$50,000 out of \$3,000,000; Minnesota \$500,000 out of \$2,000,000; Ohio \$850,000 out of \$2,100,000. Iowa, Wisconsin and Nebraska banks so far have received none of their allotments. Pennsylvania, Utah and New Mexico have received deposits not included in the original list. The following sets forth funds allotted by the Secretary August 26, and amounts deposited up to November 15, by states:

ANTI-FRAT LAW SUSTAINED

Riverside Press: Illinois, as well as California, has had its troubles with high school fraternities and the legislature of that state passed a law, very similar to the one in force in this state, forbidding the existence of these organizations in the high school and granting ample power to school authorities to expel students who persisted in disobeying the law. The Illinois law has been fought clear through to the appellate court of the state and a decision rendered sustaining it in all particulars. The Chicago Inter-Ocean makes the following timely comment on the decision and the wisdom of the law:

The appellate court has handed down a decision upholding the right of school boards to prohibit high school "fraternities," over which there has been controversy for several years in this and other cities, and to enforce this rule by expulsion of pupils if necessary. The case at bar was that of Edward Smith, who with seven other pupils, was expelled from the Oak Park and River Forest township high school last year for defying the rule of the board against membership in "fraternities."

Young Smith's father appealed to the courts, and Judge Gibbons issued a writ of mandamus to the school board, directing the boy's readmission to the school. The appellate court reverses Judge Gibbons and orders the petition of Smith dismissed.

The decision will be distasteful, of course, to those misguided parents who have seen fit to uphold their children in rebellion against proper and necessary school rules. It will be approved by all who have seriously studied the question, and so have seen how out-of-place an institution the public high school "frat" is. It is an imitation of the college "Greek letter" fraternity and sorority, without the latter's field or opportunities of usefulness. The college fraternities and sororities are, in effect, co-operative homes for their members. When properly governed, as they usually are, they are useful in providing home surroundings, with their restraints, for young men and women away from home. High school pupils usually live at home. They have no need for substitute homes. Their "secret societies" have been found by experience to foster clannishness and social attitudes antagonistic to the democratic spirit of the public schools. "Dirt" has been defined as "matter" in the wrong place. That is the essential defect of the high school "frat." It is in the wrong place, where there is no need or real use for it. It is a social excrement on the public school system which should be removed.

THE TOYS OF THE AGES

Santa Claus carries a heavy freight nowadays in his reindeer pulled conveyance, it being estimated that the gifts of toys to the children of the country a year cost at least \$20,000,000.

The modern toy shop is a realm of fascination to young hearted folks of all ages. Marvelous as some of the new mechanical wonders seem, the toys in the main are about the same thing as children have played with for untold centuries.

One thinks of mechanical steamboats and automobiles that are wound up and go, as purely modern. Yet one reads that in Egyptian mummies 6000 years old, there have been discovered toy crocodiles, whose jaws wagged back and forth as freely as the 1913 Paris doll rolls her waxy eyes. The modern child still finds joy in Noah's arks. But the Grecian youngster of 2000 years ago, played with Trojan horses that opened up and revealed lurking soldiers. One of the ideas of educators is to give children plastic clay to model, to develop their sense of form. This seems quite up to the twentieth century, until you read that the Kafir children of South Africa have been doing the same thing for generations.

After all it is the stock and standard toys of the ages that please the heart of Toddlers. STODDARD JESS ON CURRENCY BILL

From the Los Angeles Financial News.

Over at Riverside they have a club known as "The Present Day Club." As its name indicates, it is an up-to-date club and its members are abreast of the times. Topics that are current and in which the masses are interested are discussed at the club gatherings, not only by the resident members but others from outside cities and towns are called occasionally to present views upon current topics in which the whole people are interested. Monday evening last was the regular meeting of the club members, when two feasts were served—one to gratify the inner man; the other to enlighten and to furnish food for thought. The currency bill, pending in Congress, was the theme for discussion. The club came to Los Angeles and called upon the president of the Los Angeles Clearing House Association, as also vice president of the First National Bank of Los Angeles, Stoddard Jess, to deliver an address upon "The Currency Bill," a question which the president of the club said was one of "interest" to all. Mr. Jess accepted the invitation, and at the meeting of the club spoke in part as follows:

In times of financial stress, even in the face of a panic, banks should be in a position to loan money freely and to put into circulation an increased amount of circulating medium to meet all requirements. Under proper and efficient monetary and banking systems, they would be able to do so. Panics would then be unknown and the tremendous losses to which our business interests have been subject, and to which they must continue to be subject, under present conditions, whenever our banking system breaks down, would not be experienced. When thoroughly solvent business interests pass into the hands of a receiver for lack of ability to obtain needed credit, as is frequently the case with us in times of financial stress, it is a sad commentary on our financial system and on our government to allow such an imperfect and inadequate system to continue.

The remedy lies in the centralization and mobilization, in the gathering together in a great reservoir, or reservoirs, of the surplus monies of the government and the surplus reserves of the banks, under some control, where it will act as a basis for credit to be extended to the banks throughout the length and breadth of the land, whenever and wherever needed. What is needed is a bankers' bank. As the depositors in a bank centralize and mobilize their funds by depositing with the bank to loan to individual depositors that may need to borrow, so all the banks, by depositing their surplus reserves in a bank to be for the use of bankers only, would enable such a bank to extend credit to any individual member bank that might need it.

Another great weakness in our present system is the rigidity and utter lack of elasticity in our circulating medium to meet the ever changing needs of commerce and to meet the moving of crops. This weakness would also be remedied through the right given to the bankers' bank or exercised by the government, to issue currency, based partly on the cash assets of the bank and partly on credit represented by commercial paper of a certain character. Such a currency, a promise to pay by the bank, or by the government, would be merely an expression of credit in a different form, and could safely be made, and should be made, available in any amount necessary to meet requirements.

The friends of the currency bill like to speak of the federal reserve board as a governmentally, instead of a politically, constituted body. Experience teaches, however, that any board appointed by the head of a political party, as well as the government, and subject to change with each incoming administration, would be a political body, charged with carrying out the policy of the dominant party. Such a board, appointed by a good president, might be a good board, but with the attendant uncertainty of tenure of office, might be succeeded by a board appointed in recognition of political services, rather than for its fitness to perform the duties of the office. It is argued that appointments on a board of such great importance would be on a parity with appointments to the supreme bench, as judges of the supreme court are appointed for life, while members of the federal reserve board would be appointed for a term of eight years, unless sooner removed for cause by the president.

The banks take the position that if they are to furnish the capital and contribute by far the greater part of the deposits in the federal reserve banks, they should have a greater representation in the management than is ac-

corded them by the terms of the administration bill. They realize the desirability, or even necessity, of having the government exercise supervision and control over such important functions as would be granted under the system. They have proposed that the federal reserve board of seven members be constituted of three members to be appointed by the president, three members to be appointed by the banks and the secretary of the treasury, giving a majority to the government. The banks would be willing to go even farther than this. They would be willing to have two boards, one to be appointed by the banks, charged with the details of the management and with the power of initiation, and an advisory board, to be appointed by the president, giving the advisory board the full power of veto to anything done by the bankers' board, thus affording absolute protection to the government and to the people from any unwise or overt act the bankers' board might suggest.

The bankers court supervision and all reasonable control, but they feel, and justly so, that to turn over the details of the management of the bankers' bank, or banks, to a board politically constituted, would be neither wise nor fair. Any attempt to divorce ownership and management will not be likely to succeed. There are laws in the financial world as immutable as is the law of gravitation in the physical world, and one of them is that ownership and management must go together.

The most important question on which the banks take issue with the provision of the administration bill is in regard to note issues. The bill provides for federal reserve notes, to be issued at the discretion of the federal reserve board, the said notes to be obligations of the United States. While it is conceded that the issuance of money is, and should be, the prerogative of the government, it must be recognized that the notes to be issued by the federal reserve board are not money, but merely a promise to pay money, and according to the verbiage used in the bill, they are to be redeemed in gold.

The banks are irrevocably opposed to the government's embarking on issuing fiat money, because of the extreme danger attendant. History does not record a case of a government embarking in the issuance of fiat money that has not resulted disastrously and with its obligations below par and discredited. Our own government is no exception. Our greenbacks, issued in connection with financing the late Civil War, remained below par for many years, until the payment of specie was resumed, more than twenty years after the war closed.

One of the most dangerous signs of the times today is the tendency to ever increasing indebtedness, both public and private. If the government should embark on the issuance of fiat money to loan to banks, it will be only another step to loan it to the people direct, and the pressure that may come in the future in connection with the handling the vast burden of debt the country is accumulating might present a strong temptation to pursue the ignis fatuus of fiat money until our financial ship dashed upon the rocks.

Since the attitude of the administration and the banks was clearly defined, I have never felt that any legislation along the lines of the pending bill would be effected, but that the situation was one of a deadlock. In all the discussion and conferences that have taken place, no disposition on the part of the bankers, or of the administration, has been evidenced of a willingness to compromise on the fundamental principles involved in the bill. In all the changes that have been made in the bill by the senate committee, since it passed the house, not one has affected or changed any important underlying principle. Under the existing conditions it would seem unreasonable to expect such concession from the administration of the bankers as would make the bill acceptable to either.

The administration is charged with carrying out the spirit of the pledges of its party to bring and keep the currency and banking systems of the country under the control of the government, and to uphold the contention that the sole prerogative to issue money shall rest with the government.

My conclusion is that neither the administration nor the bankers can be expected to yield. The power to force the bill through and make it a law may rest with the administration, but knowing full well that the president and the leaders of his party must realize that success can only be had in the working out of the plan through the cooperation of the banks. I have too much confidence in the judgment and good sense of the president and the leaders of his party to believe that he or they will ever force through any currency legislation that will not be acceptable to enough of the bankers to allow them to cooperate in carrying out its provisions. To pass a measure that will not receive the co-operation of the banks must end in failure and result in discrediting the president and his party.

The J. E. Kellogg Give Charming Dinner in Honor of Rev. and Mrs. Samson

Mr. and Mrs. J. E. Kellogg gave an attractive 6 o'clock dinner last evening in honor of Mr. and Mrs. W. L. C. Samson, who soon leave for the East to reside, and whose going away is much regretted. The rooms were beautifully decorated with roses and asparagus fern. By a happy coincidence Mrs. Kellogg happened to choose the date of Mr. and Mrs. Samson's wedding anniversary for the occasion.

Those who were present at the dinner presented Mr. and Mrs. Samson with a handsome silver pie knife. Both Mr. and Mrs. Samson expressed their appreciation of the gift from their friends. The evening was spent in pleasant conversation until a late hour.

Those present, besides the host and hostess, Mr. and Mrs. Kellogg, were Mr. and Mrs. W. L. C. Samson, Mr. and Mrs. F. L. Andrews, Mr. and Mrs. Ames Cox, Mr. and Mrs. J. B. Steward, Mr. and Mrs. Lea Warren, Mr. and Mrs. J. A. Nelson.

Letter from White House Bride
A former Santa Ana girl, Miss Grace Leck, daughter of John Leck, now Mrs. Grace Welch, of 1360 Appleton street, Long Beach, is the recipient of an autograph letter from Miss Jessie Wilson, now Mrs. Frances Sayre, daughter of President Wilson, and the thirteenth bride of the White House. The letter is an acknowledgment of a handsome four-foot rope necklace of orange blossom beads interspersed with gold beads, two beautiful Venetian beads of gold and white and carved rose petal beads, a handsome gift made and sent by Mrs. Welch as a wedding present to the White House bride. The letter, dated at the White House, November 21, 1913, follows:

"My Dear Mrs. Welch:—I have received with great pleasure the charming moment which you have sent me for my wedding. I appreciate so much your thinking of me and wish to express my many thanks.

"Very sincerely,
"JESSIE W. WILSON."

Mrs. Welch, who is spending a few days here visiting her father, will treasure the letter received from Miss Wilson before she became Mrs. Sayre.

Ebbell Music Section
The Music Section of the Ebbell will meet at Mrs. H. G. Hull's, 1104 North Main street, at 3 o'clock next Monday, December 8. The subject is "From the Mystery Play to the Oratorio."

Miscellaneous Shower
Mrs. G. N. Greer and Mrs. Will J. Lindsay last night entertained at the home of Rev. and Mrs. Greer with a miscellaneous shower in honor of Miss Myrtle Cathcart, who will be married soon to Woodrow Stewart. The house was decorated beautifully for the occasion with holly and red hearts, the latter being seen in every available spot.

The first part of the evening was spent in tying a comfort which was later presented to the bride-to-be. That young lady was then directed to search the house for packages.

Coffee
The fruit of the coffee tree resembles a cherry; each "cherry" contains two seeds; these seeds when roasted and ground are what you buy as coffee.

You are not to pay for Schilling's Best coffee unless you like it better than any other.

What other inducement can we offer you to try Schilling's Best.

THE DAY NURSERY

November Report Shows Large Number Donations—Good Work is Achieved

The interesting report of the Day Nursery for November, given below, is from Mrs. W. B. Tedford, who is in complete touch with the nursery.

Acknowledgements of donations are as follows:

For clothing—Mrs. Kervin, Mrs. Daves, Mrs. Culver, Mrs. C. C. Collins, Mrs. E. E. Keech, Miss Lizzie Lyman, Mrs. E. B. Smith, Mrs. A. F. Rice, Mrs. C. E. Massey, Mrs. J. Walker, Mrs. L. A. The Thanksgiving dinner was well remembered. In the afternoon, Rev. Scarborough gave a nice talk to the children, and they responded, telling him the things they had to be thankful for.

Work for November
Average per day (children) 12
Regular children 24
Transients 9
Garments distributed 230
Work secured for women 6

Those who stop to read between the lines of this report will recognize the really wonderful work that is being done at this little Day Nursery.

The Christian teaching that these children get from day to day, the happiness and good cheer that permeates the whole place, are worth the time and money expended.

The assistance "Lady Jones" gives the discouraged mothers in the way of counsel and advice and encouragement is not to be estimated in dollars and cents.

Aside from the moral uplift that they receive from this establishment, they receive material aid in the form of clothing furnished them, at a nominal price.

This relieves the mother of trying to make her children clothing after she has worked all day long for some one else.

Those who are assisting this work in any way are to be congratulated. Clothing for children is always in demand, but any clothing, in good condition, will be gratefully accepted.

Fraternal Brotherhood Elect's
Moose Hall was full and running over with members of the Fraternal Brotherhood, who turned out last Thursday at seven o'clock to partake of an enjoyable and excellent banquet, and then to elect officers for the new year. The following officers were elected:

Sergeant—P. A. Trickey.
M. at A.—Eleanor Egge.
I. D. K.—L. Marsile.
O. D. K.—Theo. Lacy.
Secretary—Helen Galbraith.
Treasurer—N. L. Galbraith.
Chaplain—Mrs. P. A. Trickey.
Past President—Mrs. H. A. Huntington.

Trustees—G. M. Ketcher and Julia Ryan.
Finance Committee—Guy Dilley and P. A. Trickey.
Physicians—Mrs. Clark, Ball and Waffle.

Elks' Lodge of Sorrow
The first Sunday in December is a day set apart by Elksdom on which the living pause in the mad rush of life and pay a fitting tribute to the memory of the deceased. This custom is universal among Elks lodges, and is a feature which appeals to the public generally as well as the members of the order.

Tomorrow, Sunday, Dec. 7, at 8:15, at Elks Hall on Sycamore street, Santa Ana, a lodge will observe this pretty custom. A fine program has been prepared for the occasion, and not only Elks and their families, but the public generally, are urged to attend these exercises.

The address of the evening will be delivered by Horace C. Head, and the eulogy to the deceased members will be given by L. A. West. Rev. Paul E. Wright of the Christian church will pronounce the benediction. The Empire Quartet will render two numbers, and solos by Mrs. Carl G. Strock.

The time set, 8:15, will give those who so desire an opportunity to attend church services prior to the Memorial exercises.

Surprise Birthday Party
A surprise party was a pleasant event taking place yesterday at the home of Mrs. George Post, 205 South Broadway. The affair was in honor of Mrs. Post's birthday and was managed by her sister, Mrs. Ludwig.

About thirty ladies were present and a jolly afternoon was spent. There were games and the giving of gifts, a post card shower and the serving of dainty refreshments to make the time pass swiftly and happily before the self invited guests departed after the voicing of many good wishes for Mrs. Post and the hope for "many happy returns of the day."

CONTEST FOR CONTROLLING THE ESTATE

Public Administrator Believes He Has Prior Right to Letters

Joe Carrisosa, Seriously Ill, May Never Be Tried for Offense

Public Administrator T. A. Winbiger, with Clyde Bishop as attorney, believes that he has a right to letters of administration on the estate of Carrie Van Brunt, who died at Patamie, Ia., on March 3, 1907. Winbiger has filed a petition in contest of the application of Marion F. Douglas of Pasadena, a brother of the deceased.

The woman has an estate in this county estimated to be worth \$10,000. Her living heirs are two daughters, Emma Southward of Council Bluffs, Ia., and Lulu Hancock of Denver, Colo. They have nominated Douglas as administrator. Winbiger's petition states that the rights of a public administrator are better than those of one who is not an heir, regardless of the nomination of heirs who live outside the state.

Defendant May Die
Joe Carrisosa of Anaheim, charged with selling liquor at Myford in violation of the Wylie law, may never be tried. Yesterday an affidavit was filed by Dr. G. C. Clark of Fullerton

stating that Carrisosa is ill in bed of valvular trouble of the heart, and that it is probable that he will never recover his health. Upon that affidavit, Judge West continued Carrisosa's trial to Feb. 2. The defendant is out on bail.

Court Notes

Julia Trapp has filed an answer and cross-complaint in the divorce suit brought by William Trapp. Weisel Dutton of Anaheim are the woman's attorneys.

An order of distribution has been entered in the estate of Francis W. Jenney giving the estate, \$1429.50, to Charles H. Jeffrey.

J. N. Anderson, A. N. Cox and Henry Diers have been appointed to appraise the estate of E. A. Stockslager. Letters of administration were issued yesterday to Mrs. Medlock and Mrs. Velda Gustlin upon the estate of Dr. J. R. Medlock.

For Administration
Fred McCulloch has petitioned for letters of administration on the estate of his mother, Ella M. McCulloch, who died on Nov. 22. The estate, worth \$2500, consists of property at 114 East Santa Clara avenue. Williams & Rutan are attorneys for the petitioner.

E. T. Langley as executor named in the will of Nancy A. Hewit has asked for letters, with C. H. Stanley as attorney. The will leaves \$1000 to Lorraine Stocking of Long Beach, \$200 to Dora Newton of Dowagiac, Mich., \$100 to the Free Methodist church, \$200 to the Free Methodist Seminary of Herman, Cal. The estate is worth \$3500, and contains lot 18, Morse Villa tract, Santa Ana. If there is a residue after the bequests are made it is to be divided among the devisees in proportion to the amounts indicated.

Suit for Rental

Judgment Entered

Judgment for \$1803.06 and \$9 costs was entered yesterday in favor of the Palos Verdes Company against A. O. Butler and H. Kenah. Suit was on a note.

Divorce Decree

An interlocutory decree of divorce was signed yesterday in favor of C. R. Smith and against Mamie E. Smith, and a final decree in favor of James Pesterfield against Victoria Pesterfield.

Attachment Cases

Two attachment suits have been brought against Earl D. Gray, who owns a ranch at Villa Park. One has G. G. Williamson as plaintiff. Today the Orange County Savings & Trust Company attached on two notes, one \$325 and the other \$250.

AGAINST LAW SHIP LIQUOR THEIR TOWN

Huntington Beach Makes it Illegal to Deliver Intoxicants or Solicit

Many Sugar Beet Growers Think Early Planting is Advisable

HUNTINGTON BEACH, Dec. 6.—The city trustees this week amended the local liquor ordinance, making it illegal for a railroad or express company to deliver intoxicants in this city and also making it a misdemeanor for any person to take orders here for the sale or delivery of liquors. The vote among the four trustees present was unanimous, showing the overwhelming strength of the anti-liquor sentiment in Huntington Beach.

The cornerstone of the new Carnegie library will be laid here next Wednesday with formal ceremonies. School children from all over this section will be present and an out-of-town speaker will deliver a short address. Work on the library building is progressing fast, and it is expected that it will be completed by March next.

Sugar beet growers in this section are planting early, as it has been found that with favorable weather conditions as at present prevailing the early beets have a greater sugar content, and growers hope by taking advantage of that fact to offset this year's reduced price from the sugar factories.

The Scientific American Publishing Company of New York has bought a thirty-acre tract of land near the sugar factory here and is subdividing it into lots which will be offered in a wide advertising campaign soon to be inaugurated by the publishing company.

IN THE JUSTICE'S COURT

WAS WEARING STOLEN SKIRT

Mexican Couple at Wintersburg Has Great Quantity of Clothing

As R. O. Wells was driving along the road at Wintersburg yesterday he saw a Mexican woman wearing Mrs. Wells' skirt. It so happened that that skirt and a lot of other clothing were stolen from the clothes-line at Wells' home a month ago.

The woman was Helen Solorio, and she and Francisco Mendoza have been living at Wintersburg. Under Sheriff Law and Constable Heard were called. They searched the house and recovered about half of the articles stolen at the Wells home. It took them an hour or two to hunt through a great quantity of clothing at the house. The officers think all of the clothing was stolen.

The Mexican couple pleaded not guilty to petty larceny, and their trial

Hunt for Clothing
This morning Under Sheriff Law and City Marshal Sam Jernigan hunted for clothing stolen last night from the home of Mrs. Charles Lee, 1111 West Sixth street. Law searched Alex. Alec's house, and failed to find the clothing but arrested two men and two women, Mexicans, found there.

IF CONSTIPATED OR BILIOUS--"CASCARETS"

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels

Get a 10-cent box. Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you peeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children—Advertisement.

ARGENTINE EXPERT STUDIES CITRUS FRUIT GROWING HERE

I. Chertkoff, representing the minister of agriculture of Argentina, is in the city for the purpose of studying citrus fruit growing, packing and shipping, says the Riverside Press.

Although Argentina grows but little citrus fruit, the perfected marketing and cultural methods Mr. Chertkoff believes can be applied to deciduous fruit culture in the Argentine republic.

WORLD'S LARGEST INSURANCE POLICY \$100,000,000 ON C. P.

MONTREAL, Dec. 6.—The writing of what it is believed will be the largest single insurance policy ever issued probably will be completed here today. Property of the Canadian Pacific railroad will be insured for upwards of \$100,000,000. The property is valued at between \$112,000,000 and \$115,000,000. Five insurance companies will be interested in the deal.

REV. BRUCE BROWN MAY RESIGN CHURCH TO BE EVANGELIST

Fullerton News: Crowned with success in his late campaign for souls in Santa Ana, during the past revival meetings—having had fifty-eight additions to the church, of which fifty-one were adults; the attendance at all of the meetings having been large and the interest manifested having been due, in a great measure, to the logical themes handled only as a Bruce Brown can handle them, we have learned from good authority that the state board of the Christian church has asked Mr. Brown to take up the evangelistic campaign and it is being seriously considered by that gentleman.

While the harvest is ripe and the laborers are few, the field is open for just such men as our esteemed friend—a Christian gentleman, forceful in character and an indefatigable worker, but there are other conditions to be considered, an organized church, of which he is the pastor, home ties, which will be somewhat disconnected if he takes up this line of work, and other minor affairs.

Mr. Brown, if he accepts this new field, will have the best wishes of a large circle of friends.

This City

(From the Anaheim Daily Herald)
The city of Anaheim has issued building permits to the extent of \$91,137 for the past six months. One permit alone was for the amount of \$31,324 for the new Masonic Temple on East Center street. This total makes an average of \$15,700 per month, and a daily average of \$500, certainly a very fine showing. For the six corresponding months in the year 1912 there was a total of \$94,320 granted. These six months which are taken, are considered by the lumber men to be the worst part of the year for building, and for that reason the amounts are not larger. An interesting comparison can be made for the amounts for each month, for the years 1912 and 1913, which is given below:

	1912	1913
June	\$27,400	\$48,225
July	9,435	7,340
August	6,885	8,350
Sept.	18,840	13,955
Oct.	10,475	5,942
Nov.	21,285	8,225
	\$94,320	\$91,137

It may be noticed from these figures that the totals for each month in 1912 excepting two months are larger than the corresponding month in 1913. What has caused this falling off in the building permits is something which would bear examination. All of the houses for rent in the city are filled, and it has been very hard to find anything suitable for inquiries.

GARAGE NEAR COMPLETION

Talbert Celery Growers Are

TALBERT, Dec. 6.—The Swift Garage is nearing completion now. It has been erected at a cost of between \$4000 and \$5000, including the cost of the machinery. The best machinery available has been installed and the building is modern in every sense of the word. The electric lights will be put in next week. After everything is completed the Epworth League will have a social on Friday night, Dec. 12. The public is invited.

The ranchers are busy now doing their plowing for another beet crop. The ground is in an excellent condition for the work.

Roy Manley and wife with their three children went to Long Beach last Thursday and stayed over until Sunday.

Claude Swift, who is attending the University of Southern California, spent a few days with his parents the latter part of last week, returning to Los Angeles on Monday last.

S. E. Talbert went to Los Angeles last Saturday and returned Sunday.

Mrs. J. C. Abbott of Los Angeles is spending this week with Mrs. M. A. Nimmo, one-half mile east of Talbert.

The Ladies' Missionary Society met Wednesday and had an all-day working. They are getting ready to have their bazaar soon.

TEN ACRES ORANGES BRING 20 THOUSAND

Charles Wagner of Placentia has just sold his ten acre ranch property for \$20,000 and will move into Anaheim and reside in Mr. P. H. Krick's house at 310 North Olive street. This ranch is set to oranges and walnuts. Pete Nicholas and Herman Stern have disposed of their 30-acre ranch southwest of Anaheim to Walter Wuesthoff, formerly a resident of this city. It was a cash deal. Mr. Wuesthoff paying \$2400 for the property.

HOUSEKEEPERS Must be Watchful

For great efforts are being made in this vicinity to sell baking powders of inferior class, made from alum acids and lime phosphates, both undesirable to those who require high-grade cream of tartar baking powder to make clean and healthful food.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

EBELL PROGRAM

Mother Goose Rhymes Are to Be Acted Out By the Children

The Ebell Club of this city has arranged a unique and out of the ordinary program for this afternoon, which will be given at Odd Fellows Hall at 3 o'clock.

The affair is to be largely devoted to the children, and a pleasing feature is to be "An Hour with Mother Goose in living pictures." The younger set and tiny tots are to pose for the various Mother Goose pictures which are always so dear to the hearts of the children, and it is needless to say that the interesting affair will be an overwhelming success.

Another special feature in connection with the program is that little Mary Lucile Parker will recite "The Story of the Birth of Christmas." This interesting poem being the composition of an Anaheim lady, Mrs. Kathryn Dyer of North Lemon street.

Edith Kern will also delight the audience with several selections, after which games will be enjoyed by the children. A Christmas stocking, filled with candy will be given to all present. Children of the Ebell are to be admitted free, but others are to be charged 25 cents. This will be the club's first Children's day program and will doubtless be greatly appreciated.

To Give Box Social

The local W. C. T. U. will give a Box Social next Thursday evening at the home of Mr. and Mrs. D. Gervais on South Los Angeles street.

The proceeds are to go toward the Spanish Mission work in Anaheim. An excellent program is being prepared and a jolly good time is assured. The ladies will have plenty of boxes well filled with good things to eat and boxes are to be auctioned off.

Automobiles will be at the Methodist church from 7:30 to 8:00 o'clock to take all who wish to attend. This is a good chance to aid in a worthy cause and also enjoy an evening's entertainment.

Spanish Mission Offering Sunday

A twenty-five dollar collection is wanted in the Methodist Sunday School next Sunday morning as a contribution to the Spanish church to be erected in the near future. Great interest is being taken in this movement to assist the large number of Spanish speaking people in our midst.

The style, fit and elegance of our ladies' suits cannot be excelled. E. Blumfield, 113 E. Fifth Street.

LOS ANGELES PRODUCE MARKET

A more liberal supply of Shima potatoes resulted in a decline in the price of northern stock yesterday. Offerings were made as low as \$1.45 a hundred. Late receipts have been of fair proportions, as they have been augmented by consignments from Idaho, as well as occasional Washington shipments. It is anticipated that the market will remain firm at the present figure until the heavy holiday demand is felt, when higher prices will prevail.

The receipt of a large consignment of New Zealand butter caused weakness in the San Francisco market, which was reflected in an easier feeling here. No reduction in the quoted price was made, however, although it is possible that there will be a decline in a day or so. Eggs also are uneasy, although it is believed that prices will go little, if any, lower.

There is a good supply of grapes in storage to fill the Christmas demand.

\$27,265.57 TOTAL AMOUNT TAXES COLLECTED

All of the Anaheim Taxes Are
Paid Up—None Are
Delinquent

(From the Anaheim Daily Herald)
There are no delinquent taxes for the city of Anaheim. Every tax payer has been in at the city hall and made their payments for the coming year. The total amount of the taxes amounted to \$27,265.57 as against \$25,278.38 for last year, 1912. This extra \$2000 did not come in as a result of a higher tax rate, but from the increased valuation of the property. The tax rate for this city has remained at \$1.70 for a number of years, and is considered low.

The state allows every city of the sixth class one dollar a thousand for the general running expenses of the city. In Anaheim this tax has been 84.6 cents per thousand for a number of years, and the main reason why the city is so closely pressed for money at the present time. The money which is being used to pay for the paving of the street intersections is also taken out of this fund which has left the city without very much to run on. It was for this reason that the trustees are going to call a bond election for the \$35,000 for a fire truck to cost \$7,000, a fire hall to cost \$8,000, and a city park to cost \$20,000. A proposition to have the city council buy the fire truck with money from the general fund was turned down recently because there was no money there.

THEY OPPOSE THE AUTO TAX

Local Club Passes Resolution
Against It—Many Will
Not Pay

Officers of the Santa Ana Automobile Club state that nearly all of its 100 members are opposed to the new state automobile tax, which goes into effect January 1, 1914. A resolution has been passed in opposition to the law, and most of the local auto owners are said to be in favor of refusing to pay the tax, at least until a test case proposed to be made in San Francisco is settled.

The new officers of the Santa Ana Automobile Club are: Chas. G. Twist, president; E. D. Waffle, vice-president, and Clyde Walker, secretary. The directors are J. W. Tubbs, Geo. Kryhl and H. D. Connell.

Four Famous Factories'

Combined Methods Make

United States Tires Supreme

The absolute faith placed in United States Tires by the Automobile Owners of the West is shown on every road everywhere by the Enormous Number of these "Mightier Than the Road" Tires in daily use.

Year in and year out under every condition that a tire can be subjected to, United States Tires have "stood up" and "delivered."

They are produced through the co-operative efforts of four of the largest and most modern tire factories in the world.

Such an aggregate of strong points has been built into these famous tires that they have had to "make good."

Their real milage wear is demonstrated day in and day out on the Western roads.

Their toughness and durability is proved daily under every conceivable condition.

The grinding and grueling wear and tear that they "stand up" to has alone established for United States Tires their well-earned title of "Mightier Than the Road."

All over the world United States Tires are giving day in and day out satisfaction.

Were the verdict of the West alone to decide the merits of these famous tires, the answer is self-evident when one sees the actual numbers in use on the Western roads.

The overwhelming number of automobile manufacturers who have selected United States Tires as the standard equipment of their 1914 cars prove unquestionably that United States Tires are today the accepted standard for real tire service.

REV. BRUCE BROWN
MAY RESIGN CHURCH
TO BE EVANGELIST

Fullerton News: Crowned with success in his late campaign for souls in Santa Ana, during the past revival meetings—having had fifty-eight additions to the church, of which fifty-one were adults; the attendance at all of the meetings having been large and the interest manifested having been due, in a great measure, to the

logical themes handled only as a Bruce Brown can handle them, we have learned from good authority that the state board of the Christian church has asked Mr. Brown to take up the evangelistic campaign, and it is being seriously considered by that gentleman.

While the harvest is ripe and the laborers are few, the field is open for just such men as our esteemed friend—a Christian gentleman, forceful in character and an indefatigable worker, but there are other conditions to be considered, an organized church, of which he is the pastor, home ties, which will be somewhat disconnected if he takes up this line of work, and other minor affairs.

Mr. Brown, if he accepts this new field, will have the best wishes of a large circle of friends.
